

MANAGING RISK

## Sikker sjøtransport

2009, Mars

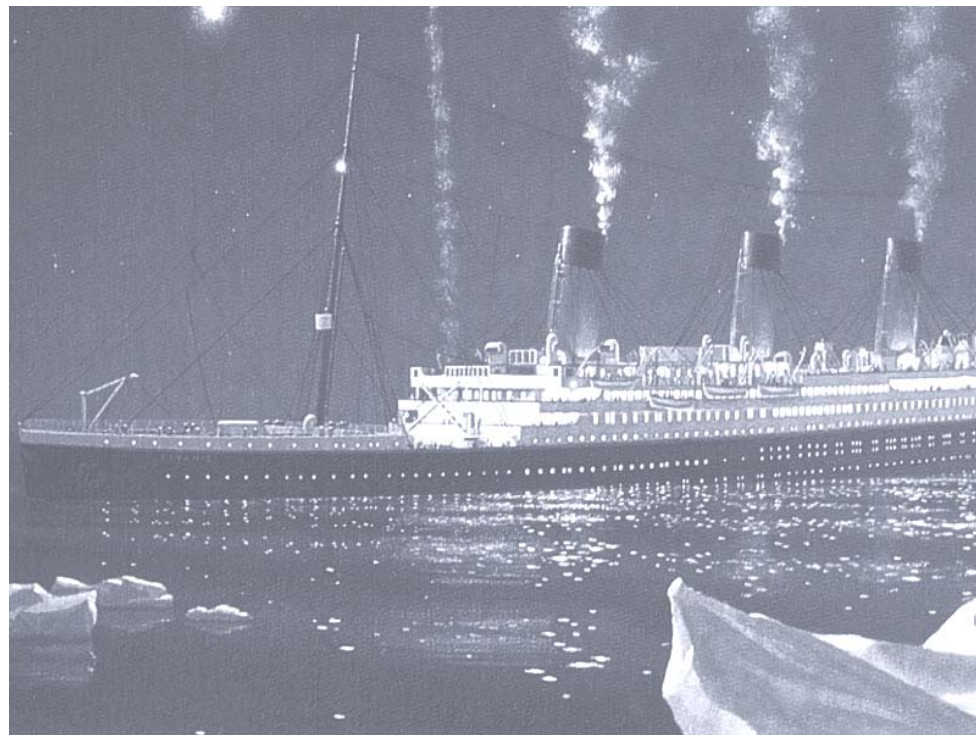

Øyvind Endresen, Ph.D., Program Director, *DNV Research & Innovation*

# DNV Research and Innovation

- **DNV Research and Innovation** is the corporate DNV unit with prime focus on **new knowledge and technology areas** that we expect to have a long term impact on business growth.
- We are organized in **strategic research** programs targeting important and strategic **technology challenges for the future**.
- Currently we have about **70 employees** from 15 different countries, and we want to grow further.
